McDONALD—It's "One of the Best"

Dear Camellia Lover:

Camellia time is here again and as usual to you who want the finest, we are offering our LATEST List of "Hand Picked" Extra Rare Camellias.

This is our Fourteenth Annual Pre-Season Sale of SELECTED Truly FINE Camellias. Twenty (20%) Discount from prices listed below up to and including Sept. 30th, except where noted. Positively No Discount after Sept. 30th. Plants will be shipped in October weather permitting. Crating and packing will be free

These extra fine varieties are scarce the country over and as our stock is extremely limited, we urge you to place your orders at once as there will not be enough of these fine camellias to go around. We are booking orders in rotation as they are received—First come, First served.

We traveled thousands of miles last season, looking at New Camellias and honestly believe that our list this season includes "Pick of the Crop". They are grafted on 6- to 9-year understock and we have the finest stock that we have ever had to offer. We have no petal blight. No bare root shipments necessary. Reference—Citizens & Southern National Bank, Augusta, Ga.

BEN PARKER. OUR INTRODUCTION

A large to very large loose semi-double to loose peony seedling from Elegans, showing stamens, which are occasionally intermixed with center petals or petaloids. The outstanding feature of this exquisite camellia is that it has between the stamens and the regular petals a complete set of Calla Lily or Trumpet shaped flowers. These are set on solid red stems, the size of an ordinary match stem. There are from two to eight of these trumpet like flowers on each bloom. We have never seen another camellia formed like this one. Without a doubt it is one of the finest camellias to come on the market in recent years. Very lovely and extra choice. Limited supply.

12-18, \$20.00; 24-30, \$25.00. No Discount

DRIFTWOOD. MS—L.—Our origination.
